

IBM WATSON ASSISTANT SERVICE

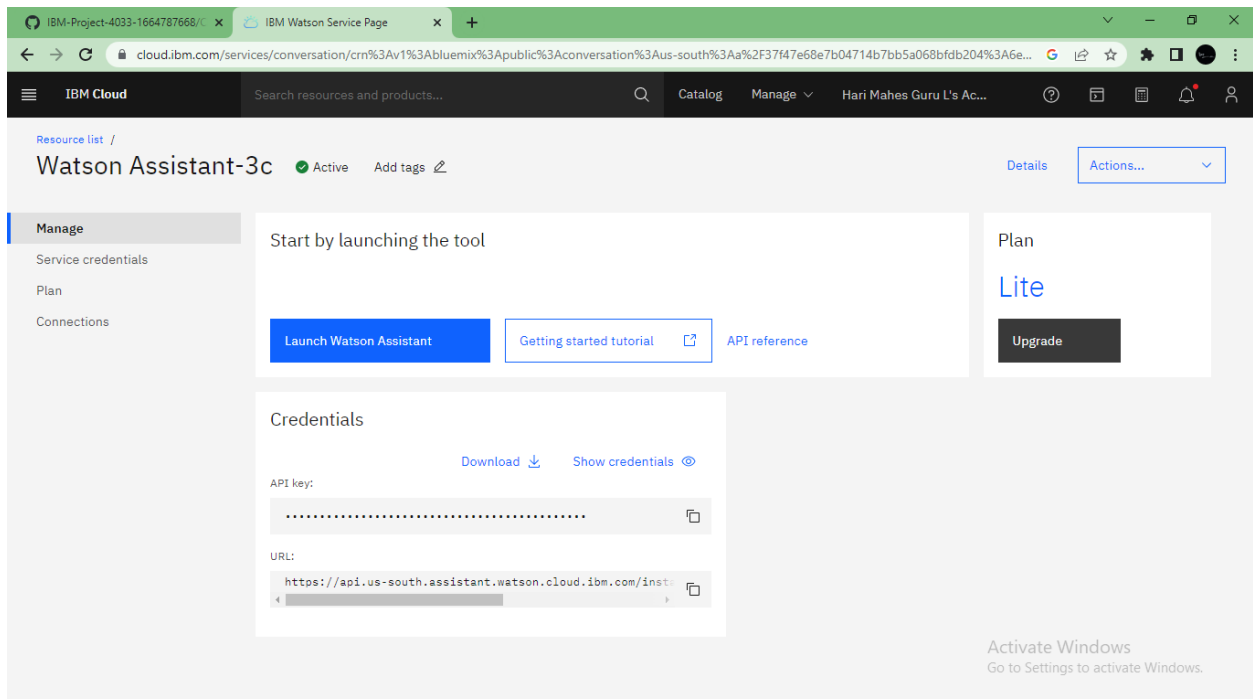

The screenshot shows the IBM Cloud Dashboard. The top navigation bar includes the IBM Cloud logo, a search bar, and links to Catalog, Manage, and the user profile (Hari Mahes Guru L's Ac...). The main content area is titled "Dashboard" and features a "For you" section with several recommended resources:

- Build**: Explore IBM Cloud with this selection of easy starter tutorials and services. (Popular, 2 hr)
- Get Started with Watson Studio**: Get started with using AI and Cloud Object Storage in 15 minutes. (Getting started, 15 min)
- Build a web app with Watson Speech to Text**: Deploy a conversational interface compatible with any application, device, or channel. (Recommended, 2 hr)
- Get started with Watson Discovery**: Get up to speed on Watson Discovery with step-by-step tutorials, deep-dive videos, and complete examples of working code. (Recommended, 5 min)
- Smart Document Understanding Demo**: Check out this Smart Document Understanding demo to learn how this powerful feature allows you to visually apply structure to your documents. (Getting started, 15 min)

Below the "For you" section, there are three main cards:

- User access**: Manage users. Enter email addresses below to jump directly into the invite user setup. (Enter up to 100 email addresses)
- News**: View all. Includes articles like "WebSphere Application Server Support Restatement" and "IBM Adds Lifecycle Services to Enterprise Networking and Deepens Strategic Partnership with Cisco".
- Planned maintenance**: View all. Includes a notice about "Activate Windows" and "Go to Settings to activate Windows".

The screenshot shows the IBM Watson Assistant Service page. The top navigation bar includes the IBM Cloud logo, a search bar, and links to Catalog, Manage, and the user profile (Hari Mahes Guru L's Ac...). The main content area is titled "Watson Assistant-3c" and features a "Manage" section with the following options:

- Service credentials**
- Plan**
- Connections**

The "Plan" section shows the "Lite" plan with an "Upgrade" button. The "Service credentials" section includes a "Launch Watson Assistant" button, a "Getting started tutorial" link, and an "API reference" link. Below this, the "Credentials" section displays the API key and URL:

API key: [Redacted]

URL: `https://api.us-south.assistant.watson.cloud.ibm.com/instances/...`

At the bottom right, there is a "Activate Windows" notice: "Go to Settings to activate Windows."
